

# The Haining Care Home

The Haining is a beautiful Georgian mansion house, boasting a secluded, idyllic setting in acres of private woodland.

A wealth of historical, period features such as ornate windows, cornicing and ceiling roses have been retained and restored in the home. However, the convenience of the 21<sup>st</sup> Century is also offered with technology such as ipads, wifi, Sonos and a real time online care recording system. .

Adapted bathrooms, with accessible baths and tracking hoists allow our residents to enjoy comforting baths in a relaxed and dignified manner, regardless of their mobility.

The home has been fully adapted to support the mental, physical and social needs of older adults

## Why ION

We offer various levels of care and support tailored to meet individual needs, including The Haining Care Home for residential care, The Ion Enablement Centre for day reablement services, and Ion Care at Home for community care services. Our team of fully trained and professional staff are always on hand to provide you with the help and advice you need when deciding on which care is suitable. We are committed to meeting individual needs and providing a holistic, person centered care package.

Commitment to continuous professional development of all our care, catering, domestic and nursing staff

Delicious nutritionally balanced meals, with menus created by our own in-house chef team, in partnership with our residents and relatives

Daily activities, designed and delivered to stimulate the bodies and minds of our residents

On site cinema for our residents to enjoy films, sports and memorable events

Set in peaceful surroundings, in private woodland. Newly landscaped front lawn and paths, with a fully enclosed dementia garden planned for 2019

All our nursing staff have a minimum of 3 years post qualification experience; and are on site 24 hours a day

We hold ISO certifications, audited yearly, in Quality Systems, Occupational Health & Safety, and Environmental Management

Fleet of wheelchair accessible minibuses for full day trips away, and for visiting events in the local community

## The Haining

### Ion Care and Support

Services purchased The Haining in October 2016, and are committed to providing a caring and person centred approach to all of our residents. Ion has carried out a number of upgrading works to the fabric of the building, including a new roof, new carpets and fresh decoration, as well as recent complete bathroom refurbishments.

The Haining currently offers 25 homely, spacious bedrooms; which residents are encouraged to personalise as their own. All of the rooms are fitted with a 24 hour nurse call system, telephone points and TV points, with many offering en-suite facilities and garden views.

## Indoor Facilities

There are four elegant and traditionally decorated communal areas at The Haining; the library, the front parlour, music room, and grand dining room with floor to ceiling windows.

Designed for socialising, all four rooms allow the residents and visitors to enjoy the views of the stunning landscape surrounding the home. The lounges also offer flat screen TVs, and the dining room boasts a state of the art cinema system.

## Outdoor Facilities

The Haining offers peaceful and tranquil landscaped gardens for our residents to relax, chat, read and enjoy the wildlife in. We encourage our residents to get involved with the gardening if this is of interest to them. We are in the process of designing a specialist dementia garden, which will be built in 2019.

## Care Staff

We provide 24 hour care by a dedicated team lead by experienced healthcare professionals. We offer specialist care for the following conditions:

- Dementia
- Parkinson's
- Alzheimer's
- Multiple Sclerosis
- Palliative Care
- Epilepsy
- Stroke
